

Meet Microsoft Classroom Pen 2

Easy, natural inking—customized for you

Write and draw naturally. Designed for every student no matter their hand size or grip style, Microsoft Classroom Pen 2 makes it easy to sketch, color, and take notes in the classroom and at home.

For a setup that's unique to you, discover additional pen grips that you can 3D print through Shapeways.¹

Essential inking experiences

Write and draw naturally with no setup. It works as soon as the pen tip touches the screen.

Adapts and grows with you

Discover Microsoft approved pen grip designs that you can 3D print¹ for a custom pen that's unique to you.

Built to last for students on the go

Designed to be easy to keep track of with the built-in slot designed for a tether or a clip that attaches to Surface Type Covers.

3D printing that works for you

Print 3D printed pen grips designed and tested by Microsoft in partnership with the disability community. Visit the [Microsoft Support Page](https://aka.ms/ShapewaysTermsConditions) for more information.
